Building B

Invitation to a meeting to discuss the Bible's Book of Daniel

How do the ancient prophecies speak of our time?

When: from Monday 8 January 2024, every Monday from 5:30 pm.

Where: Building B, FLEKSI, Vyskočilova 1422/1a

Speaker: Radim Passer

Do you ever think about what lies ahead and where we as humanity are headed? If so, pay attention. Part of the Bible, which Christians believe is God's letter to the world, is the Book of Daniel. Although it is not very long, it is full of visions concerning history, our time and the future. The stories and prophecies of the Book of Daniel were written approximately 2,500 years ago in the days of the ancient Babylonian Empire and are definitely worth exploring. Over sixteen sessions we will be exploring the fascinating stories and prophecies of the Book of Daniel, and we will also be studying one of the Bible's most famous prophecies concerning the future of Europe.

To ensure the space has suitable capacity, we would be grateful if you could confirm your participation by 3 January 2024 by emailing info@passerinvest.cz.

The light within us

Reflection of the Brumlovka Chaplain

As we stand on the threshold of a new year, it is time to reflect on the past: What light am I giving off and how does it affect those around me?

Imagine that each of us creates a unique light trail, much like the flashlight we shine every day on the road for ourselves and our loved ones. When you look back at the past year, are your footsteps leading you in the direction you wanted to go?

It's up to us how the light of our lives illuminates the world around us. While we're responsible for this light trail, we're not alone on this journey. Even after Christmas Eve, the lights of the Christmas tree still remind us that Jesus came as a light into the world, so that we wouldn't have to walk alone through the darkness of our worries.

And so I wish you the light of faith, which gives your lives the courage to take firm steps in uncertain times and thus to be a light of hope for others.
