Reopening of Jemnická Street and new traffic system

Jemnická Street, where works have been under way to relocate the utility lines throughout the summer, will be reopened during October. Traffic can now drive down the entire length of Jemnická Street without further restrictions.

The traffic system is being changed at the intersection of Jemnická, Želetavská and Václava Sedláčka streets, so please pay attention to the traffic signs. To give a better view of the traffic situation, we have now added a mirror to the intersection.

Thank you for respecting each other.

Travel Evening: Madagascar

When: Wednesday, October 4, from 5:30 p.m.

Where: Sommellerie, Filadelfie, Želetavská 1525/1

Speaker: Omar Jamaein

Madagascar is a completely different world. Not for nothing is it known as the seventh continent. The fourth largest island in the world, it has been developing in isolation for tens of millions of years and offers everything the true traveller could ask for. Beautiful unspoiled nature, friendly inhabitants and an interesting history.

From dry savannahs in the west to rainforests in the east. From mountains to deserted white sandy beaches. Although geographically part of Africa, it is a rich mix of cultures, with influences from Africa, Asia and Oceania.

Zrno zrnko presents: perfect cakes and other sweet treats!

Starring: extra-fresh butter from La Formagzeria Gran Moravia. Quality butter is the undisputed king of any bakery that takes honest craftsmanship seriously. The staff at the popular Zrno zrnko artisan bakery know this, as they work with 150 kilos of butter a week. As with all the other ingredients, they went for the best - extra fresh butter from La Formagzeria Gran Moravia, which is made at the Brazzale cheese factory in Litovel.

Zrno chose Formagzeria Gran Moravia because their butter is simply the most delicious there is. It is made from the naturally skimmed cream of high-quality milk specially used for the production of Gran Moravia cheese.

And, of course, it's Czech butter from a Czech company.

they'll count your laundry for you

The We Hate Ironing dry cleaner's offers an interesting service that will make life much easier and is also completely free of charge: They will count laundry to be washed or cleaned for you. "If you don't have the time or energy to sort your laundry before the courier comes, that's fine. Just throw it in your bag and we'll take care of everything," explains We Hate Ironing founder Jan Knoch.

Customers liked this service so much that after the first try they no longer hand over their laundry to the courier in any other way. "We'll send you an e-mail telling you the precise number of items and the final cost. We can also help you if you just want to have your clothes ironed," adds Jan Knoch.

All you have to do is fill in the simple online form, and a courier will come to pick everything up; you'll have clean and fresh-smelling laundry back in 24 hours.
