Traffic in Želetavská Street is about mutual respect

As the new school year begins, we would like to remind you all of the rules for traffic on and crossing Želetavská Street. This is a mixed zone with a reduced speed limit of 30 km/h, which we have now supported by installing a radar in the direction of Duhová Street. Pedestrians can cross anywhere on the street, but they do not have right of way in preference to cars.

We would therefore like to ask drivers to keep to a maximum speed of 30 km/h and to pay increased attention with the return of pupils to school after the summer holidays. We would like to ask pedestrians to be extra careful when crossing.

Thank you for respecting each other.

Farmer's week at the Maranatha vegetarian restaurant

Vegetables and fruit grown on small farms provide your body with significantly more health-promoting substances than those that are "industrially produced". That's why the Maranatha vegetarian restaurant has prepared a special farmer's menu for the week of 11 to 15 September.

Every day, different dishes will be prepared using mostly crops grown on a small farm in the Sedlčany region. Come and taste, enjoy and do something for your health at the same time!

Farmer's products from the Maranatha Health Food shop

Goat's milk was considered to be an "elixir of beauty and longevity" from the time of the ancient Romans. Current scientific studies also confirm its positive effects on our health in relation to digestive tract diseases, various allergies, rheumatic pain, skin allergies and, last but not least, as cancer prevention.

A wide range of organic-quality products produced at the Dvůr Ratibořice goat farm can be found at a discounted price in the week from 11 to 15 September at the Maranatha shop.

OK POINT

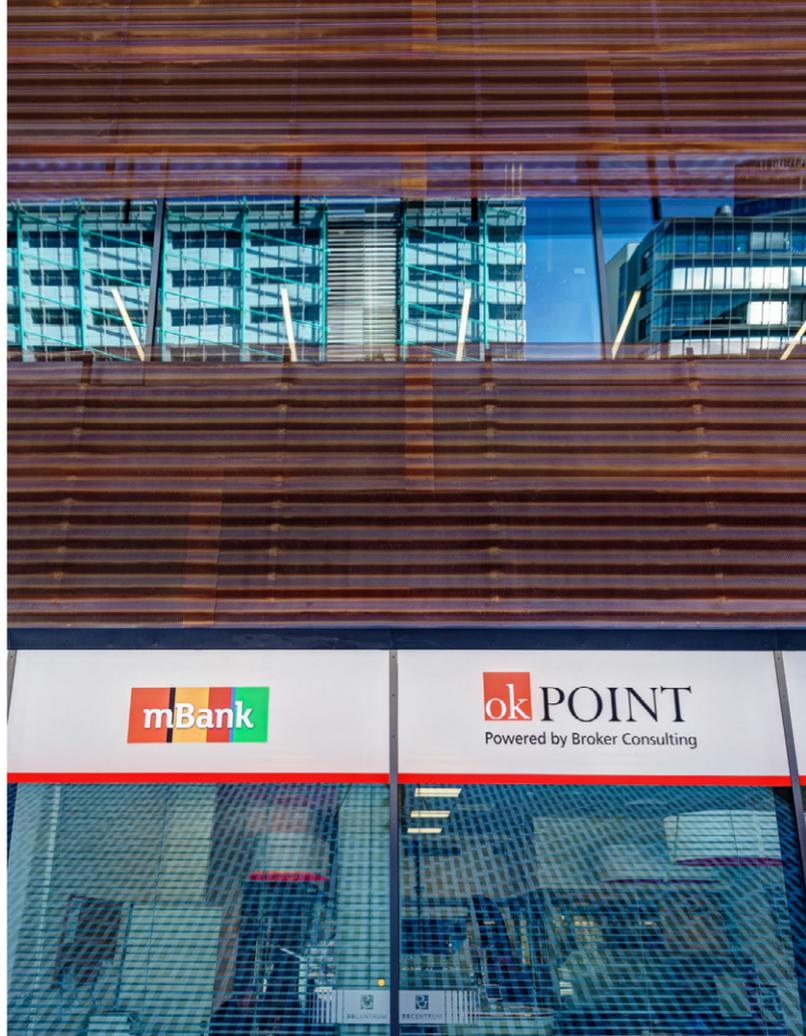

A financial plan helps everyone.

Most of us prefer financial stability, peace of mind and independence. To do this, it is useful to have good knowledge of the world of finance and to be able to understand the opportunities that are offered. We call a financial plan a helper that will support you in unexpected moments of your life and knows exactly where you can cut back or add more. The important thing is to set it up correctly and tailor it to your needs, only then will it effectively, efficiently and accurately match your capabilities. In addition to current expenses, it is also worth thinking about longer-term goals. And that includes reserves in case something happens that you'd rather not think about right now. But it may not pay off twice as much later on.

Consultants, who you can meet in the pleasant environment of the OK POINT Brumlovka branch, will be happy to help to help you with everything you (potentially) require. Appointments can be made online or in person by calling 242 486 328. OK POINT is open at the following times:

- Monday 8:30 a.m. – 6 p.m.
- Tuesday, Thursday 9 a.m. – 5 p.m.
- Wednesday 8:30 a.m. – 5 p.m.
