

## Retro 1990s Office Now Open

As part of **PASSERINVEST GROUP's 25th anniversary celebrations**, we've set up a fully furnished and functional office from the early 1990s to remind you, our tenants, as well as the general public what offices were like back then, along with a modern office for comparison.

Stop by the **ALPHA Building** (at the Brumlovka bus stop, in the direction of Michle) and step back in time. See what a modern computer looked like back in the 1990s, feel how comfortable office chairs were, and discover what no office could be without. Compare that to today's ergonomic chairs and with how little we need in our offices today.

**The offices are open every weekday from 8 a.m. to 6 p.m. until the end of June. The available wifi connection and other equipment make it the ideal spot for co-working or to liven up a team meeting.**

## Revitalization of Building A on Vyskočilova Street

During the coming days, the complete revitalization of Building A, located right at the Brumlovka bus stop (in the direction of Budějovická), will begin. During the first stage, the building will be cleared out, and then the exterior work will start. During this work, the sidewalk will be narrowed; however, all efforts will be made to minimize any negative impact on public areas. **The revitalization will take about a year to complete and after its completion in May 2018, you can look forward to a new modern look and new services right in the heart of BB Centrum.**

## O2 Foundation: Easter Market for a Good Cause

**WHEN:** Wednesday, April 12, 2017 from 8 a.m. – 2 p.m.

**WHERE:** GAMMA Building, O2 HUB, and adjacent areas

The O2 Foundation invites you to its annual sheltered workshop Easter Market. The market will feature stands selling Easter-themed items, as well as Portus Praha therapeutic workshops and Fair Made products. New at the market this year is a creative workshop, organized by the J.J. Pestalozzi Center. At their stand, under the guidance of experienced artisans from sheltered workshops, you can paint your own egg with wax and take it home. **Every purchase helps support the employment of disabled and socially disadvantaged people.**

## Tried BB CENTRUM CARPOOLING Yet?

As we mentioned in the last eReview, a new service – carpooling – has been in operation at BB Centrum since February.

CARPPOOLING is a transport method whereby drivers offer passengers a ride, ideal for regular trips to and from work. An important prerequisite is that both parties are interested in being transported at an agreed-upon time to a common destination. **It's perfect for those of you who commute to BB Centrum from farther away and would like to reduce your travel expenses – another advantage of carpooling is its environmental friendliness.**

Register at [carpooling.bbcentrum.cz](http://carpooling.bbcentrum.cz) and read more about this new service.
