# Revitalization of the Želetavská and Jemnická Intersection

Between 1st and 31st October 2026, the intersection of Želetavská and Jemnická streets will undergo revitalization works. The project aims to repair the worn road surface and improve the public space, comfort, and safety for both pedestrians and drivers. During the construction period, one-way traffic restrictions will be in place on part of Želetavská Street in the direction from Vyskočilova Street. The exit from Želetavská onto Vyskočilova will remain accessible throughout the entire revitalization period.

From 5th October until the completion of the works, the BB2 shuttle bus line will be suspended due to restrictions on the passage of larger vehicles. All shuttle buses will be reassigned to the BB1 line, whose timetable will be expanded accordingly. Access to all adjacent buildings and garage entrances will be maintained throughout the entire construction period. As traffic arrangements may change during individual construction phases, we kindly ask all visitors to pay close attention to temporary traffic signs and directions.

Thank you for your understanding and patience during these works. We believe that the completed project will enhance comfort, improve safety, and contribute to the overall quality of the environment.

The Northern Lights and the Midnight Sun.

**When:** Wednesday 7 October, from 5:30 pm

**Where:** Filadelfie Building shopping arcade, Želetavská 1525/1 1

**Speaker:** Filip Mayer

What happens when rugged mountain peaks, white beaches, picturesque fishing villages and light that changes by the minute come together beyond the Arctic Circle? The result is a place that captures the heart of every traveller and photographer. At our next Travel Evening, you'll visit one of Europe's most beautiful archipelagos – Norway's Lofoten Islands. You'll discover iconic places such as Reine, Henningsvær and Kvalvika Beach, as well as lesser-known locations away from the main tourist routes.

You'll learn how to plan your journey, which viewpoints and hikes are worth your time, when to visit the Lofoten Islands without the crowds and how much the trip is likely to cost. There'll also be practical tips on photographing the Northern Lights, the Midnight Sun and Norway's dramatic landscapes. This inspiring evening is for everyone who loves mountains, photography, road trips and authentic travel experiences.

# Talks from Brumlovka

**When:** Wednesday 21 October, from 6:00 pm

**Where:** première online on the **Brumlovka FB profile**

Every month, we invite people, who we feel have something to say and whose professional or personal life is somehow associated with Brumlovka. We want to seek out inspiration and advice for you, but also to present life's victories and defeats.

**Different person, different topic, but always at Brumlovka.**

**This month:** **Pavel Šimek**

Pavel Šimek has served as chaplain at Brumlovka since June 2026. His path has taken him from working as a miner in Ostrava's mines to studying theology and serving as a pastor and prison chaplain, supporting people through some of life's most difficult moments. His personal experiences, including caring for his wife during a serious illness, led him to believe that what people often need most is simply someone willing to listen.

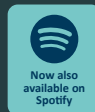

What can a person learn from twelve years underground, working in a prison or caring for a loved one through a serious illness? And what can a chaplain offer someone who doesn't consider themselves religious at all?

# New Beans at Zrno!

Zrno zrno has teamed up with a new coffee partner – speciality coffee roaster Nordbeans. For espresso, they've chosen a smooth, well-balanced Honduran coffee with notes of yellow apple, nougat and almonds.

It comes from the La Cidra farm, located at an altitude of 1,800 metres. The filter coffee selection will include Miroroma AA from Kenya – a juicy, sweet coffee with notes of honey, cherries and blackberries, produced by around 950 smallholder farmers from the Muranga region. Interestingly, the AA designation used for Kenyan coffee denotes the largest bean size, one of the country's most prestigious grades.

The new beans are already making their way into the grinders at every branch. Now all that remains is to discover which one will become your new favourite.

# Personal Styling: When You Know What Suits You

A full wardrobe doesn't necessarily mean one that works. At Meera Design, the team helps women discover the cuts, combinations and pieces that make them feel good and look effortlessly themselves – without having to start from scratch every morning.

## Personal styling can help you:

- discover what really suits you;
- combine individual pieces;
- make better use of the clothes you already own;
- buy less and shop smarter.

The Meera Design stylists take each client's personality, figure, lifestyle and work environment into account. The result is a wardrobe that makes sense – and getting dressed becomes an enjoyable part of the day rather than a daily dilemma.
